Welcome to term 4. A big thankyou to everyone for your help at the end of the term. Our efforts, hard work and dedication to making the kindy a better place for our children is visually evident and through community spirit.

Learning
The children will be bringing home a large coloured A3 card. The card is titled “special person”. If you could work with your child to complete and return to the kindy ASAP. The children will have the opportunity to talk about and share their completed card with the kindy children. These will then be displayed at child height so they can view them at any time.

Bushfire Season
I have attached 2012/13 Bushfire Season Brochure. Please take the time to read this vital information.

FEES
Term 4 accounts are now and due. If you are having difficulty paying please see me. Please place fees money in a marked enveloped and place in the mail box located on the Families Corner.

New faces at the kindy
Sam Bunting will be at the kindy on Thursdays as a volunteer. She will also be managing our vegetable Garden Project.
Sharna Wakefield will be at the kindy for the next few weeks completing her work placement in Certificate III in Children’s Services.

Regards Vicki

OUR VEGETABLE GARDEN PROJECT
Late last term Sam Bunting applied for and won funding through Lower North Health SA Community Foodies. Through that funding Sam purchased a planter box, vegetable seedling, gloves, soil, shovels and forks. The children will now be exposed to the wonder of growing vegetables. We have dedicated a display board in the kindy to share the journey of our vegetable garden project.
